BOARD OF REGENTS

Mission Fulfillment Committee
May 10, 2018

A meeting of the Mission Fulfillment Committee of the Board of Regents was held on Thursday, May 10, 2018, at 7:45 a.m. in the Boardroom, 600 McNamara Alumni Center.

Regents present: Abdul Omari, presiding; Thomas Anderson, Richard Beeson, Linda Cohen, Michael Hsu, Dean Johnson, Peggy Lucas, David McMillan, Ken Powell, Darrin Rosha, and Steve Sviggum.

Staff present: President Eric Kaler; Chancellors Michelle Behr, Lendley Black, Lori Carrell, and Mary Holz-Clause; Executive Vice President and Provost Karen Hanson; Senior Vice President Brian Burnett; Vice Presidents Bernard Gulachek, Matt Kramer, and Allen Levine; Interim Vice Presidents Michael Goh and Jakub Tolar; General Counsel Douglas Peterson; Executive Director Brian Steeves; and Associate Vice President Meredith McQuaid.

Student Representatives present: Apoorva Malarvannan.

STUDENT HEALTH AND WELLNESS PROGRAMS

Regent Omari invited Provost Hanson; Gary Christenson, Chief Medical Officer, Boynton Health; and Sandra Olson-Loy, Vice Chancellor for Student Affairs, UMM, to discuss student health and wellness programs across the system, as detailed in the docket.

Hanson introduced the item, reporting that student mental health is an urgent concern in higher education across the country and a high priority at the University. She explained that each campus offers unique programming to fit student needs in addition to systemwide efforts to address health and wellness, including student mental health.

Olson-Loy provided an overview of health and wellness programs across the system and summarized the most recent data from the College Student Health Survey, which is administered on all five campuses. Christenson addressed trends and demands for mental health services and highlighted new initiatives and investments in student mental health.

Hanson introduced additional presenters to participate in the discussion:

- x Lisa Erwin, Vice Chancellor for Student Life and Dean of Students, Duluth campus
- x Barbara Keinath Vice Chancellor of Academic and Student Affairs, Crookston campus
- x Julie Thornton, Director of Student Engagement Team, Rochester campus
- x Maggie Towle, Interim Vice Provost for Student Affairs and Dean of Students, Twin Cities campus

Regent Hsu inquired about the frequency of the College Student Health Survey, noting that the most recent data cited is several years old. Christenson explained that the survey is administered every three years because year-over-year data does not indicate trends as well as data from every three years. Omari added that surveying every three years also prevents survey fatigue. Towle reported that the survey is currently being administered, with its data available in the fall.

In response to questions and comments from Regents Anderson and Powell, Christenson confirmed that not all stress is bad, but college students often find that they need to employ new stress management mechanisms to deal with new and different stressors. He added that preventative measures generally have the best return on investment in addressing stress.

Regent Cohen emphasized the importance of the conversation, noting that great progress has been made. She urged presenters to continue to look at ways to address the issue that will not require additional funding.

In response to questions from Regent Lucas, Olson-Loy stated that the University is continuing to look at national models for examples for student health and wellness programming.

Regent Sviggum asked how the University measures the quality of student health and wellness programs. Christenson reported that Boynton Health employs a patient satisfaction survey after each visit in order to measure the quality of their services.

ANNUAL PROMOTION AND TENURE RECOMMENDATIONS

Regent Omari invited Executive Vice President and Provost Hanson and Rebecca Ropers-Huilman, Vice Provost for Faculty & Academic Affairs, to present the annual recommendations for promotion and tenure, as detailed in the docket.

Hanson reviewed the basic principles of tenure and promotion and the review process. She also explained the differences between regular faculty and contract faculty. Ropers-Huilman noted that 132 regular faculty were recommended for tenure and/or promotion, and 48 contract faculty recommended for promotion. This year's cohort had a success rate of 57 percent.

In response to questions from Regents Powell and Anderson, Hanson explained that faculty hiring decisions are made at the college level either with the relevant dean on the Twin Cities campus and the chancellor at the system campuses. Faculty positions are posted as tenure-track or non-tenure-track.

Regent Hsu inquired how the long-term financial implications of faculty tenure are considered in the process. Hanson explained that costs are considered at the department level and discussed with the deans, the Provost's Office, and budget officers. She added that some

In response to questions from Regent Cohen, Ropers-Huilman reiterated that the tenure success rate for the current cohort of faculty is 57 percent. She explained that the remainder were not denied tenure, but rather, that group includes faculty who left the University before achieving tenure status.

Powell inquired about the external review element of the tenure process. Ropers-Huilman noted that it is the most valuable content in the candidate's dossier. She added that external reviewers are commonly from prestigious universities in the United States and internationally. Hanson added that the dossier includes an explanation of why the reviewer was selected.

Omari mentioned that the University's institutional risk profile includes faculty retention and asked how the University is working to attract and retain faculty of color. Hanson explained that the current profile of faculty is typical, although they desire a more diverse pool. Kaler added that the University continues to struggle to attract and retain African American and Latinx faculty especially.

Regent Rosha remarked on this being a momentous occasion for the 132 faculty members. In response to a question from Rosha, Ropers-Huilman explained that the ratio of faculty to instructors varies by department and college. Hanson added that the College of Design relies more heavily on instructors than departments that engage in more research.

Motions were made and seconded, and the committee voted unanimously to recommend approval of the promotion and tenure recommendations of regular faculty, and the promotion recommendations of contract faculty.

Hanson introduced four newly tenured and/or promoted faculty members, who briefly shared highlights of their work:

- x Daheia Barr-Anderson, Department of Kinesiology, College of Education and Human Development, UMTC
- x Gordon Burtch, Division of Information and Decision Sciences, Carlson School of Management, UMTC
- x Michael Gallope, Department of Cultural Studies and Comparative Literature, College of Liberal Arts, UMTC
- x Changbin Chen, Department of Horticultural Science, College of Food, Agricultural and Natural Resource Sciences, UMTC

UNIVERSITY OF MINNESOTA
BOARD OF REGENTS

Audit & Compliance Committee
May 10, 2018

A meeting of the Audit & Compliance Committee of the Board of Regents was held on Thursday, May 10, 2018 at 11:00 a.m. in the West Committee Room, 600 McNamara Alumni Center.

Regents present: Linda Cohen, presiding; Michael Hsu, Peggy Lucas, David McMillan, Abdul Omari and Ken Powell.

RELATIONSHIP AND SERVICES PROVIDED

Regent Cohen invited Sue Paulson, Assistant Controller, to present the external auditor review and summary of external auditor relationships and services provided, as detailed in the docket.

Paulson reported that total Deloitte & Touche LLP (Deloitte) contracted audit and non-audit fees were

\$597,800 for FY 2017 engagements, with actual fees of \$577,095. All FY 2017 engagements are completed and have been final billed.

Paulson reviewed the total fees for audit and non-audit services provided by other firms. For FY 2017, the University engaged three firms totaling \$672,176. She reminded the committee that all services were reviewed by the Controller's Office and reported to the committee.

In response to a question from Regent Powell, Klatt explained that Baker Tilly was engaged by the University to investigate an anonymous UReport. She added that the firm was selected based on its expertise in regulatory issues. A report is complete and will be distributed to the committee.

EXTERNAL AUDIT PLAN

Regent Cohen invited Sue Paulson, Assistant Controller, along with Katherine Knudtson and Judi Dockendorf from Deloitte & Touche LLP (Deloitte), to review the external audit plan for FY 2018, as detailed in the docket.

Paulson reminded the committee that the University is in the second year of its current contract with Deloitte to provide external audit services. Knudtson and Dockendorf reviewed highlights of the plan, noting that the scope of services, testing approach, and timelines for the FY 2018 audits are consistent with previous years.

Knudtson referred the committee to a number of resources that are available to the University, at no additional cost, that the committee may be interested in utilizing. In response to a question from Regent Omari, Knudtson called attention to two resources: Deloitte's Audit Committee Brief and Audit Committee Symposium. She noted that the Audit Committee Brief would be especially valuable because it addresses emerging issues at a governance level. Also in response, Klatt noted a new data analytics tool recently released by Deloitte. She agreed to send the committee additional information on those resources.

Regent McMillan reported that Deloitte had issued no comment on recent changes in the University's pension liability. Knudtson confirmed that no comment is a good response.

In response to questions from McMillan, Dockendorf explained that the NCAA agreed-upon procedures are largely prescribed by the NCAA and focus on revenue and expenses, sponsorships, and coach salaries. She reported that there were no findings in the NCAA agreed-upon procedures.

In response to a question from Regent Hsu, Knudtson confirmed that Deloitte does work in cybersecurity, but that the University has not engaged them for those services.

COMPLIANCE INITIATIVES

Regent Cohen invited Boyd Kumher, Chief Compliance Officer, to present an update on compliance initiatives, as detailed in the docket.

Kumher referred the committee to the Chief Compliance Officer's required semi-annual report in the information items in the docket. He provided an overview of OIC's completed risk review summaries and the FY 2019 planned reviews. Kumher summarized the new enhanced procedures for UReport, the University's anonymous reporting service. He also reported the statistics of UReport investigations from the previous six month period.

Regent Omari inquired about the campus safety and Clery Act compliance risk review. Kumher provided an overview of the process and noted that the risk review summary report is included in the information items.

In response to a question from Regent McMillan, Kumher confirmed that 78 percent of UReports investigations from the last six-month period resulted in unsubstantiated findings.

INSTITUTIONAL RISK PROFILE, PART V: MITIGATION PLANS

Regent Cohen invited Karen Hanson, Executive Vice President and Provost, and Brian Burnett, Senior Vice President, to discuss the mitigation plans associated with the institutional risk profile, as detailed in the docket.

Hanson reminded the committee of the process for developing the risk profile and referred committee members to the mitigation plans in the docket. She explained that each of the risks identified in the risk profile has a one-page mitigation plan that includes the risk category, responsible senior leader office, a brief explanation of the risk and mitigation strategies.

Hanson walked through the mitigation plans for shifting enrollment patterns and collaboration with externalities and joint ventures risks. Burnett summarized the plans for employee demographics/succession planning and facilities: maintenance, scope, and alignment risks. Burnett noted that the mitigation plans were shared with credit rating agencies Moody's and Standard & Poor's during recent discussions.

Cohen expressed her satisfaction with the process and results of the exercise. Regent McMillan agreed and added his thanks to the senior leadership team for leading the efforts.

Regents Powell and Lucas commented on the one-page format of the mitigation plans, remarking that the format is clear and easy to read.

Klatt reported that the full Board will discuss the institutional risk profile and mitigation plans at its June meeting, including oversight of the mitigation plans. Cohen remarked on the importance of the Board's continued oversight.

Regent Hsu commented that work remains to be done to address the risks, and questioned whether the institutional risk profile conversa

Rep. Beson noted that he will be doing a series of investments emphasizing that the University should be making investments to expand its position within the market. He urged the committee not to send the opposite message and to expand the University's enrollment even other institutions are pulling back.

Rep. Rosha asked for clarification of fees assessed across the state. Tonneson responded that fees are set by each campus and are in a state of transition. She added that depending on the history of a specific campus, there are different fee structures. Rosha responded that while it is positive to have some control over the development of the fee, he is sensitive to some of the issues imposed on other campuses and increasing the total amount of fees. He noted that some of the issues have a significant impact on those campuses who fall in the gap between those who qualify for institutional financial support and those who have families that can provide significant financial support.

Rosha repeated Beson's comments and responded that he does not view the University as being passive in the market. He encouraged the University to be a national leader not only in research and learning but also in education. He encouraged the University to be a national leader not only in research and learning but also in education. Beth Hillier pointed out additions to the capital plan. He pointed out how it would
be funded, commenting that the HER portion would fully fund the state. He broke
down the \$8 million in University that would be issued.

Adson recessed the meeting at 3:46 p.m.

BOARD OF REGENTS POLICY: ENDOWMENT FUND

Regent Adson reconvened the meeting at 3:57 p.m. and invited Associate Vice President
Mason to present for action proposed amendments to Board of Regents Policy Endowment
Fund, as detailed in the packet.

Mason reminded the committee of the proposed changes, noting that no changes to the
proposed amendments have been made since the committee reviewed them in May.

Action was made and seconded and the committee voted unanimously to recommend
adoption of proposed amendments to Board of Regents Policy Endowment Fund.

REAL ESTATE TRANSACTIONS

A. Sale of 2642 University Avenue, St. Paul, Minnesota

Associate Vice President Volna and Leslie Kasper, Assistant Vice President for Planning
Space, and Real Estate, summarized the background and terms of the sale of
2642 University Avenue, as detailed in the exhibit, explaining that the building has been
rented and will be about .4 million to ensure. The buildings price and location,
he recommended the sale.

Regent Omar sought confirmation on the action that will be taken from the sale of real
estate. Volna responded that essentially this is a special provision, where from real estate sales
proceeds a real estate account for the campus. He explained that the money is set for real
estate phases. Senior Vice President Betts added that the proceeds from this sale will
cover the expense of maintaining the building during the year and will net a profit of about
\$ million.

Regent Hsueh discussed his hesitation to sell any land close to the Twin Cities campus.

Regent Beson commented that he had looked at the building as a part of his job
responsibilities with Sunrise Banks and found the parcel overpriced and lacking sufficient
parking. He indicated he supported the sale given the price the University was able to see,
the cost of renovation, and the limited property has been on the market.

Action was made and seconded and the committee voted unanimously to recommend
approval of the sale of 2642 University Avenue, St. Paul, Minnesota.

B. Sale of 0.19 acres of isolated property located in the northwest corner of the
University of Minnesota Morris

Volna summarized the property location and other items of the sale of 0.19 acres of isolated
property located in the northwest corner of the University of Minnesota Morris, as detailed in

The ticket Vol na described the location of the land as being to form the east of Camp 10
a road limiting any use and easements for land and snow removal.

approval of the sale of 0.19 acres of property located in the northern corner of the University
of Minnesota Morris.

C. Lease of 9,383 rentable square feet of collaborative classroom and laboratory space
located within the Destination Medical Center, Rochester, Minnesota

Vol na summarized the property location and terms of the lease of 9,383 rentable
square feet of collaborative classroom and laboratory space located within the Destination
Medical Center, Rochester, Minnesota. The ticket Vol na also provided how
expensive the lease is, noted that the University would be paying the cost of the lease. He
added that UMR feels the lease is affordable and the cost will be paid through the Rochester
sales tax credit and other funds.

Motion was made and seconded and the committee unanimously recommend approval of the resolution on the attached Proposed Laboratory with District No. 1 of the City Commission on the one hand and the International Brotherhood of Teamsters, Local 1-B

In response to a question from Representative Johnson, Mark Oye, Director of Intellectual Property, Twin Cities Camps, he proposed an amendment to the employment agreement for Lindsay Whalen to adhere in the bottom tier of the Big Ten for head women's basketball coaches.

Representative Omai asked if the amendment to Richard Pittino's contract was comparable to the recent approved PJ Fek amendment. Oye indicated that they are similar and that the ability to be paid in several installments is not a problem.

In response to a question from Representative Hsu, Oye noted that he has argued that Pittino may come close or possibly exceed the 40 hours of private jet flight time.

Adrian expressed his support for the Whalen employment agreement and noted that he has heard very positive feedback on her hire.

Amotion was made and seconded and the committee voted unanimously to recommend approval of the revised Consent Report

the University can contribute more to the national public policy debate. Tolar responded by stating his belief that the University has the opportunity to play a role in that debate.

M HEALTH

Regent McMillan invited Interim Vice President for Health Sciences Tolar to present for action the resolution related to the Extension of Master Integrated Structure Agreement, as detailed in the docket.

President Kaler outlined the purpose of the resolution, explaining it will extend the deadline to the end of June to finalize negotiations.

Regent Hsu expressed support for the extension as long as this is the last one. He asked if 30 days is enough time. Kaler responded that 30 days is enough, and that there are no plans to request additional extensions.

Hsu clarified that the extension is to complete the letter of intent, and asked when the definitive agreement will be completed. Senior Vice President Burnett responded that the documents will be completed by September 1, 2018. He added that Fairview's board plans to vote on the letter of intent on June 14, 2018. McMillan noted that the Board of Regents will schedule a special meeting to follow the Fairview meeting.

Hsu asked about potential delays. General Counsel Peterson stressed that he could not speak to that issue given confidentiality agreements, but noted he is optimistic about the June 30 deadline.

Regent Rosha shared his concern about disputes between some of the entities in the partnership. He encouraged Tolar to build flexibility into the agreement to ensure that the partnership will be able to adapt in the future. He expressed his support for the resolution. McMillan noted that other Regents

REPORT OF THE FINANCE & OPERATIONS COMMITTEE

Regent Anderson, chair of the committee, reported that the committee voted unanimously to recommend:

- 1) Adoption of proposed amendments to Board of Regents Policy: Endowment Fund . A motion was made and seconded, and the Board voted unanimously to adopt the proposed amendments to the policy, as follows:

SECTION I. SCOPE.

This policy governs the management of investment assets in the University of Minnesota (University) endowment fund (endowment).

SECTION II. INVESTMENT OBJECTIVES.

The investment objectives for the University endowment shall be, over the long term, to:

- (a) preserve the inflation adjusted value of the endowment;
- (b) generate investment returns that meet or exceed the annual payout rate plus direct expenses incurred by the investment program after adjusting for inflation as measured by the Consumer Price Index;
- (c) execute the investment program within acceptable risk parameters; and
- (d) provide stable distributions for annual spending purposes.

SECTION III. COMPREHENSIVE PROGRAM REVIEW.

Annually, the president or delegate shall present to the Board of Regents (Board) a comprehensive review of the investment program including a summary of the results of investment strategies employed during the previous year to achieve the investment objectives.

SECTION IV. ASSET ALLOCATION GUIDELINES.

Consistent with Board of Regents Policy: Reservation and Delegation of Authority, the Board reserves to itself authority to approve asset allocation ranges. Those ranges shall be:

- x The long-term allocation for Stability assets shall be 5-15 percent and include Liquid Reserves (5-15 percent) and High Quality Credit (0-6 percent).
- x The long-term allocation for Diversifier assets shall be 20-40 percent and include Enhanced Stability assets (5-20 percent), Idiosyncratic assets (0-15 percent), and Growth Diversifiers (5-20 percent).
- x The long-term allocation for Growth assets shall be 50-70 percent and include Equity (45-70 percent) and Extended Credit (0-10 percent). Within Growth assets, the Equity allocation shall have long-term geographic target exposures of United States markets (45 percent), Developed Markets (30 percent), and Emerging Markets (25 percent).

SECTION V. REPORTING.

The president or delegate shall make the following reports to the Board at the specified times or frequencies:

- (a) a quarterly report regarding the investment program and the results of the investment program to the Board of Regents at the following times or frequencies:

- (4) a summary of portfolio risk;
 - (5) deviations from asset allocation ranges, if any; and
 - (6) new managers, manager terminations, and any significant changes in investment strategy or allocation.
- (b) an annual report containing the following information:
- (1) a comparison of relative performance and asset allocation to peer institutions;
 - (2) steps taken to provide opportunities to emerging, minority-owned, and woman-owned investment management firms; and
 - (3) a description of current investments related to sustainability and renewable energy.
- (c) at the next regularly scheduled meeting of the Board a report containing the following information:
- (1) any significant change in investment strategy and any internal or external event that has materially affected the performance of the fund; and
 - (2) any other information requested by the Board.

SECTION VI. INVESTMENT MANAGEMENT GUIDELINES.

Subd. 1. Use of Investment Managers. Except as provided in Subds. 3 and/or 4 of this section,

ÄÛyEý` Nvè]Ò4Y°eåÜ >ªUØ7yçãHFm•yd]è¥]‡BZwØzLAèqéAè~JçAè)èéHwÝEP, ‡AèuÔ]èÆª\$ ‡•PŽy3Y@ g} À žŠîè)3

) c

- (b) Co-investments are permissible subject to the following constraints: 1) co-investment commitments shall not exceed 3 percent of total endowment assets at time of commitment, and 2) co-investments may only be executed when sponsored by investment managers with whom the endowment has invested.
- (c) No individual investment may be made for the purpose of achieving management control in any company. This provision is not intended to prohibit the use by investment managers of control strategies with respect to portfolio companies.
- (d) A maximum of ten percent of the endowment may be invested in any single fund or account.
- (e) The investment of endowment funds shall comply at all times with the restrictions on investment of amounts comprising the Permanent University Fund that are set forth in Minnesota Statutes Section 11A.24 or its successor.

Subd. 5. Environmental, Social, and Governance Responsibilities. The University shall consider environmental, social, and governance responsibilities in its investment decisions.

SECTION VII. PAYOUT RATE.

The endowment payout rate shall be set at a level that supports University operations while enabling the endowment to grow at an inflation-adjusted rate that will provide for future distributions. Distributions shall be made quarterly. The annual payout rate shall be 4.5 percent of the average of the endowment's trailing month-end market values for the prior 60 months.

Supersedes: Investment Social Concerns Dated September 13, 1991.

2) Approval of the real estate transaction related to the sale of 2642 University Avenue, St. Paul. A motion was made and seconded, and the Board voted unanimously to approve the real estate transaction.

3) Approval of the real estate transaction related to the sale of 0.19 acres located in the northwest corner of the University of Minnesota Morris. A motion was made and seconded. 9(e)--g h(hgb),4.2(a)6.9(n)3.2(d t)4.3(h)3.2(e)5.9(Bo)4.9(ar)4.5(d vot)10.3(e).8(d un)9.2(a)6.9(n)3.2(im)4.

NOW, THEREFORE, BE IT RESOLVED that that on the recommendation of the President, the Board of Regents approves this labor agreement as outlined in the docket for May 10, 2018.

Regent Omari requested a model that shows where cuts will be made if tuition revenue is reduced. He questioned the use of specific words in the resolution, which he believes mischaracterize the intent. He requested a comparison with other states regarding allocation of funding for higher education and other areas.

McMillan reminded the Board that the \$10 million supplemental budget request to the state, if funded, will be allocated entirely toward reducing tuition.

Regent Sviggum concurred with Rosha that the resolution could send a positive message to the Legislature. He expressed strong support for lowering tuition.

Regent Cohen agreed with Beeson's assertion that receiving information in advance is beneficial, and discouraged the practice of introducing items for review/action at the same time.

Regent Johnson emphasized that while no one wants to increase tuition, it is necessary for the University to pay its faculty and staff competitive salaries. He described the University's difficulty in raising the necessary funds if tuition is frozen. He urged the Board not to adopt the resolution.

Rosha clarified that he does not believe the Board would suggest cutting faculty salaries to compensate for a tuition freeze. He expressed support for the resolution based on the positive message it could send to the Legislature.

Regent Lucas requested a model of what was cut from the budget when the 2% increase was approved.

Regent Sviggum shared his belief that it is possible to make budget cuts without sacrificing educational quality. He raised concern over making a decision without reviewing budget models first.

Regent Simonson voiced his support for the resolution, citing concern over increasing student debt.

McMillan and Regent Powell recommended postponing the resolution until the Board has more data.

Rosha asked the chair's opinion on whether the resolution will have an effect on the Legislature's decision regarding the supplemental budget request. McMillan responded that it does not seem likely to influence the decision.

Hsu discussed the benefits his resolution will have in terms of sending a message to the Legislature. He pointed out that a freeze will impact a very small percentage of the budget.

Hsu called for a roll call vote. Regent Omari cautioned that voting against the resolution could send a message that the Board does not want to freeze tuition, which is not the case. He moved to table the motion. The motion to table was not seconded.

Regent Anderson observed that if the vote is postponed, it will take place too late to have an effect on the decision of the Legislature. McMillan cautioned against using the vote as a signal to the Legislature.

The vote was as follows:

Regent Anderson	No
Regent Beeson	No
Regent Cohen	No
Regent Hsu	Yes
Regent Johnson	No
Regent Lucas	No
Regent McMillan	No
Regent Omari	No
Regent Powell	No
Regent Rosha	Yes
Regent Simonson	Yes
Regent Sviggum	No

Three votes were cast in favor of the motion and nine votes were cast against the motion. The Hsu resolution failed.

The meeting adjourned at 12:18 p.m.
